SITUATION SUMMARY

Bully Incident, Vegetation Fire, Shasta County: (New)

Fire Information

Old Bully Choop Road, Community of Igo, Shasta County

Per CALFIRE and Cal OES Duty Officers as of approximately 07/12/14 at 0720 hours:

- SRA
- 2,800 acres, 10% contained
- Structures threatened: 50 residences
- Continued threat to structures, wildlife, commercial timberland and rural ranchland.
- Two (2) Local Government Strike Teams assigned.

Emergency Management

Evacuations/Shelters:

- Mandatory Evacuations from Bland/Patina to Bland/Roaring Creek, and west to Graves Ranch
- Cal OES Law Duty Officer advised per Shasta County Sheriff's Office, 4 homes were evacuated
- An American Red Cross evacuation center has been opened at Grant School located at 8835 Swasey Drive in Redding; current population: 0

Road Closures:

- Hard road closure from Platina Road to Rainbow Lake Road, and Platina Road and Hwy 36

EOC Activations:

- Shasta County EOC activated at Level 1, Duty Officer status.
- Northern REOC activated at Duty Officer status in support to the Shasta County EOC.

Deployments:

- A Cal OES Assistant Fire Chief has been assigned to the Bully Incident as an Agency Representative.
- Two Public Safety Communications Radio Technicians have been assigned to the fire.

SITUATION SUMMARY

Nicolls Incident, Vegetation Fire, Kern County (New)

Fire Information:

Scodie Mountains – Kiavah Wilderness, Lake Isabella, Kern County

Per CALFIRE as of approximately 07/12/14 at 0715 hours:

- FRA
- 900 acres, 0% contained
- No structure threat at this time.
- CAL FIRE Air Resources assigned.
- Central Sierra Interagency IMT (IC Cooper) has been assigned. In brief and transition scheduled for 0900 hr. 7/12/14.
- Steep rocky terrain, very limited access and high winds continue to hamper suppression efforts.

Marsh Incident, Vegetation Fire, Contra Costa County (New)

Fire Information:

Off Marsh Creek Road, near Aspara Drive, east of Clayton, Contra Costa County

- SRA
- 120 acres, 60% contained
- Structure threat has been mitigated

SITUATION SUMMARY

6.8 Magnitude Earthquake, Honshu, Japan (Initial/Final)

- **Situation**
 - On July 11, 2014 at 1232 hours Pacific Daylight Time, the California State Warning Center received a report indicating that a Magnitude 6.8 earthquake occurred at 1222 hours Pacific Daylight Time off the eastern coast of Honshu, Japan.
 - The National Tsunami Warning Center issued a Tsunami Information Statement advising that there was no tsunami danger to Alaska or the Western United States, to include California.
- **Impact to Japan**
 - Japan Meteorological Agency issued a Tsunami Advisory of up to 3 feet on 7/12/14 at 0426 Japan Standard Time (7/11/14 1226 hours Pacific Daylight Time) for the coastal regions of Iwate, Miyagi, and Fukushima Prefectures within the Tohoku Region. There have been 6 tsunamis reported, the largest being approximately 8 inches. The Tsunami Advisory was cancelled at 0615 hours Japan Standard Time.
- **NPP Impact**
 - Per a Tokyo Electric Power Company spokesman, Onagawa Nuclear Power Plant, Higashidōri Nuclear Power Plant, and Fukushima Daiichi Nuclear Power Plant found no abnormalities.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A weak trough aloft will bring a slight chance of thunderstorms over interior northwest California mountains each afternoon through the weekend. Coastal areas of northwest California will continue to see night and morning clouds and fog with some afternoon clearing through the weekend.

San Francisco Weather:

An inland warming trend begins today continuing through early next week as high pressure builds over the region. Near the coast, temperatures will remain mild with night and morning low clouds.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

Warmer daytime temperatures into Monday then slight cooling back down to near normal by the end of next week. The forecast area will have a chance of Sierra crest thunderstorms returning Monday and spreading northward on Tuesday. There will be a slight chance of thunderstorms over Shasta County Mountains and Sierra Cascade Range on Wednesday. A diminishing shower threat towards the end of the week as the upper level flow becomes more westerly.

Hanford Weather:

A ridge of high pressure building over the southwestern U.S. will bring a warming and drying trend to central California through Sunday. Tropical moisture will then push into the area next week bringing increased cloud cover and a chance of thunderstorms to mountain and desert areas.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure will expand west over the weekend resulting in a significant warming trend, especially for inland areas. Some monsoonal moisture will return by Sunday bringing a slight chance to chance of thunderstorms for the mountains and deserts for much of next week.

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

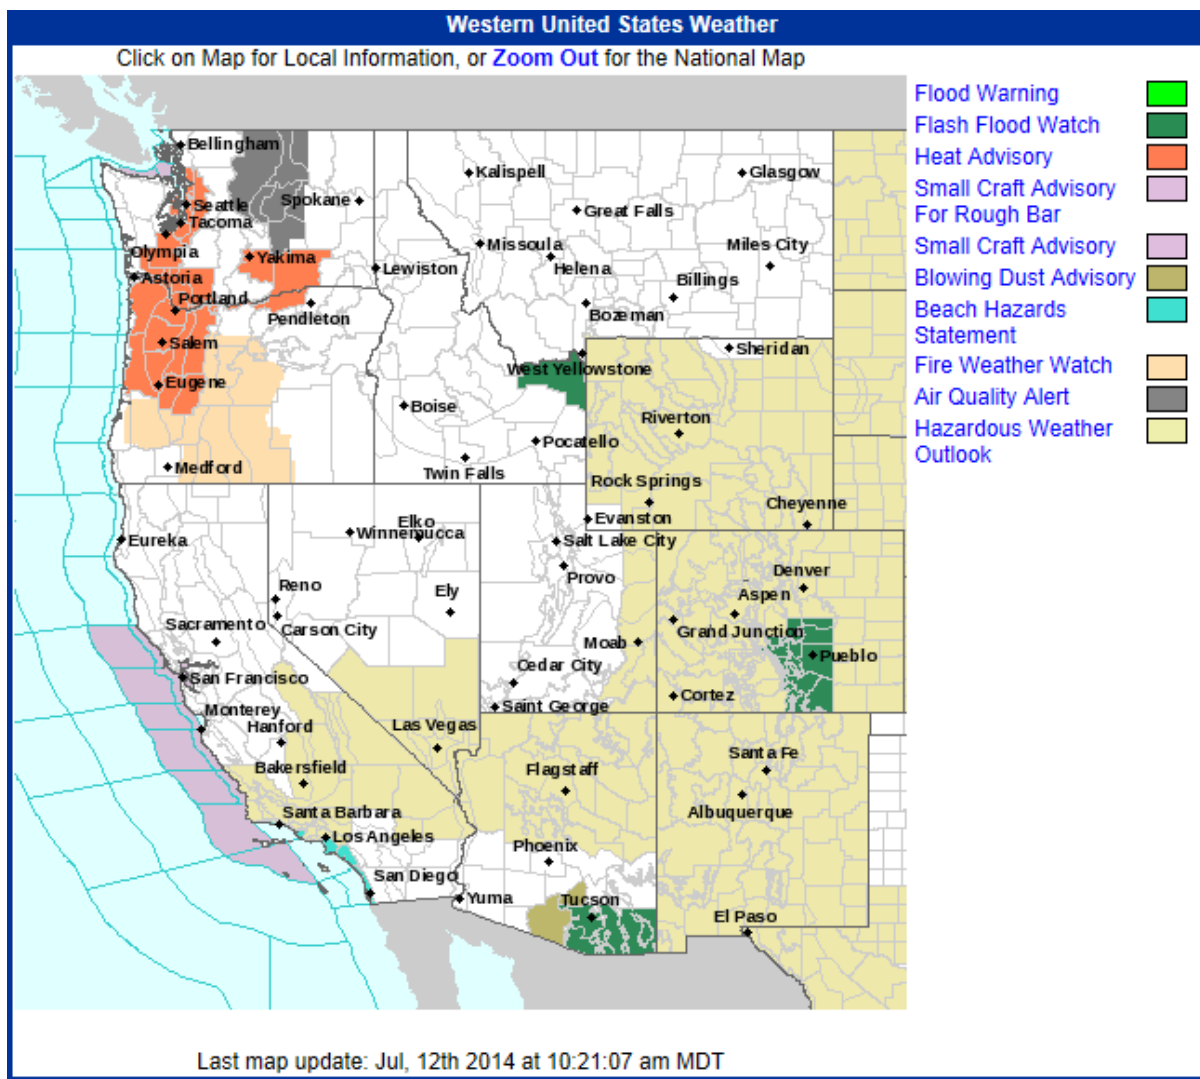

Today, the forecast area will have a pleasant weather pattern with low clouds clearing back to the coast later this morning. High pressure will begin to intensify over the Great Basin tonight into Sunday bringing a bump up in temperatures Sunday and allowing monsoonal moisture to filter back into the area. There will be isolated showers and thunderstorms particularly over San Diego County Mountains and deserts Sunday afternoon and evening. Higher chances for mountains and deserts thunderstorms will arrive Monday and Tuesday. Monsoonal moisture begins to fade after Wednesday with shower and thunderstorm chances decreasing for the latter part of the work week.

Southeast California Weather:

Hot and dry conditions will affect the lower deserts today. Monsoon moisture will start to move westward back over the lower deserts on Sunday. The moisture surge will overtake all of the forecast area early next week with increased chances of thunderstorms and slightly cooler temperatures. Near normal temperatures and slight chances for thunderstorms are forecast through the rest of next week.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

- On 7/8/14 the State Water Board will publicly release proposed water conservation requirements to reduce water waste across the state. These proposed emergency regulations include mandatory restrictions on water use, and will be considered by the Water Board on 7/15/14.
- California Department of Fish and Wildlife staff evacuated trout from a major hatchery on the American River last week to avoid a massive die-off of fish due to increased water temperatures in the hatchery. Over two million fish are being relocated and released earlier than normal due to drought conditions.
- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

Situational Summary

Open Burn Ban in effect across the state: Open burning is now prohibited on 31 million acres of land across the state, due to a burn ban that CAL FIRE has directed each of its unit chiefs to implement. This ban on open burning in state responsibility areas (outside of cities and towns) reduces wildfire danger amidst extremely dry conditions.

The National Weather Service provided the following synopsis for the relationship of Blowing Dust Advisories and the drought conditions in southeast California: Dust storms are common due to increased thunderstorm activity and the winds produced with these storms, during monsoonal flows. The severity of the dust storms could be locally exacerbated by drought conditions. In any event, the public should monitor NWS for any advisories and warnings issued by NWS.

On July 1 2014, administration of the CDPH Drinking Water Program (DWP) transferred to the California State Water Resources Control Board (SWRCB) Division of Drinking Water. CDPH and the SWRCB entered a Memorandum of Understanding outlining a three-month transition period during which drought response activities and any other emergencies will be coordinated jointly between the two organizations.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-3978, Mission reopened.** San Bernardino Sheriff's Office requested resources for a homicide investigation and will be conducting additional ground and mine searches beginning Sat, 7/12 at 0630 hours. LA County and Kern County have agreed to provide personnel. Cal OES LDO is coordinating resources.
- **2014-LAW-4014,** Mendocino County Sheriff's Office requested a cadaver dog team for a search related to a homicide to be conducted sometime next week. Cal OES LDO is coordinating resources.

Closed Cal OES Missions

- **2014-LAW-4023** Butte County Sheriff's Office (BCSO) requested 8 area scent K9s and 24 ground personnel to assist in the search for 2 missing teenagers last seen at 1500 hrs., 07/10/14, on Butte Creek in Butte Meadows. **Update 1029 hrs., 07/11/14:** [BCSO advised that the teenagers were located alive and well.](#) **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
